Figma · UX Research · UI Design · Prototyping · Design Systems · UX Writing · Information Architecture · Usability Testing

SUMMARY

UX Designer focused on digital products, combining research, information architecture and interface design to turn complex problems into simple, user-centered solutions. Design for simplicity and scale.

PROFESSIONAL EXPERIENCE

UX Designer · smarters

Nov 2023 — Present

Official Meta partner for WhatsApp, globally awarded (WhatsApp Flows Champion, CTWA Genius, Best-in-Class CPG Use Case) — serving brands like Magalu, Visa and McDonald's.

- Designs intelligent agent experiences on conversational channels (WhatsApp), combining UX, UX Writing and UI Design.
- Conducts user research (interviews, usability testing) to inform product decisions.
- Designs flows, wireframes and high-fidelity prototypes in Figma, from concept to development handoff.
- Contributes to the evolution of the design system, keeping components consistent across products.
- Collaborates with product, engineering and business teams to prioritize experience improvements.

UX Designer · binds.co

Sep 2022 — Oct 2023

- Designed interfaces and flows for digital products, from wireframe to clickable prototype.
- Ran usability tests and user interviews to validate design hypotheses.
- Worked in cross-functional squads (product, development, QA) in agile delivery cycles.
- Contributed to standardizing interface components, supporting product consistency.
